

 JOSH LUXURY HOME AUTOMATION

When we set out to create Josh, we wanted to design the perfect smart home experience. Josh is immensely powerful, yet simple to use. With advanced voice control and a suite of technology whose sole purpose is to make your home a delightful environment, Josh powers some of the most advanced homes today. We believe privacy is non-negotiable in the home and Josh has been engineered to protect your data and earn your trust.

We're excited to share the vision and introduce you to Josh!

## SMALL DEVICE, BIG FEATURES

### PRIVACY-FOCUSED

Everything you say and do in your home is secure. Control your data by setting how much you want Josh to learn.

### WHOLE HOME CONTROL

Each Josh Micro has the power to run your entire home.

### NATURAL INTERFACE

Activate by saying “OK Josh,” or by tapping the surface of the Micro.

### CONTEXT-AWARE

Josh knows the context of what you said. “OK Josh, make it louder,” turns up the music you just requested.

### MULTI-TASKING

Josh understands multiple commands in a single sentence.

### BLENDS INTO YOUR HOME

Josh Micro elegantly mounts to the wall with all the cables tucked away.

### ROOM AWARENESS

Josh Micro knows which room it’s in. “OK Josh, turn on the lights” illuminates the area around you.

### PROACTIVE ASSISTANCE

Josh offers recommendations based on your unique patterns.

### RESPONSIVE TOUCH

The Josh Micro touch dial adapts to your commands to control lights, shades, and music.

## PRIVACY-FOCUSED

# What's said in your home stays there.

Trust and responsibility help make a house a home. Josh understands the importance of protecting you and your family. We will never sell your data to third parties.

Josh is continuously learning more natural commands for the home, and owners have the choice to control how much data their home shares. Josh offers limitless personalization along with unparalleled peace of mind.

## SPEAK NATURALLY

Josh understands natural speech—just say what’s on your mind.

Speak with your home in whatever way you feel most comfortable—Josh understands any number of nicknames for a device, room, or scene.

## MULTI-TASKING

“OK Josh, close the shades, play jazz in the master, dim the lights, and start the steam shower.”

With Josh, you can use a single command to control everything around you.

## INTELLIGENT SCENES

“OK Josh, good morning.”

Imagine waking up to a home that adapts to start your day. Your morning playlist is queued up, the temperature is set just right, and your lights are set to welcome the day. With Josh, easily create custom scenes and then trigger them with a phrase you create. “OK Josh, good morning” is all you need to start your day on the right foot.

## PERSONALIZED TOUCH INTERACTIONS

### Custom control with a simple touch.

How Josh Micro responds to touch is up to you—wake Josh, turn the microphone off, or run any scene with a single or double tap.

Control the ambience in your home through a contextual touch ring—adjust music volume, lighting, and shade levels by running your finger around the LED dial.

## MOVE TO YOUR OWN BEAT

Ask Josh to play your favorite tunes.

Ask Josh to play any artist, album, song, genre, or playlist to create the perfect mood. Josh intelligently finds the right content for you, no matter how specific or broad the request.

*“Play Come Together by The Beatles”*

## IT'S SHOWTIME

Watch any show, movie, channel, or video clip.

Cue up your desired content simply by asking for it. Josh turns the TV on and chooses the right streaming or cable service for a seamless entertainment experience.

## INDUSTRY LEADING APP

### AI DASHBOARD

The AI-driven dashboard provides intelligent recommendations based on the state of your home. Josh will learn living patterns and suggest actions based on your preferences.

### SCENES

Scenes allow you to easily set the mood by adjusting a collection of devices with one simple button press or voice command. Create and edit actions, invocations, and custom responses from Josh.

### ACCESS ANY HOME

Check in on all of your properties from anywhere in the world. Never worry again if the doors are locked or not. Grant access, view cameras, and take action while you're away.

### CUSTOMIZABLE

Create as many room and user-specific dashboards as you'd like for a bespoke experience. Pin any device, room, or scene tile to each dashboard and arrange it as you see fit.

### VOICE CONTROL

Tap the microphone icon to harness the power of Josh on the go. Voice commands given through the app display as text so that you can see exactly how your speech is being heard.

### TEXT CONTROL

In addition to being able to give voice commands, the Josh app lets you send text commands to your home. Josh supports you, no matter how you prefer to control your home.

Josh elegantly blends into the design and aesthetic of your home.

DRIVEN BY AI

Proactive recommendations developed by artificial intelligence.

Imagine a home that's intelligent enough to turn off the lights automatically when you go to bed, or pause the music when you leave for work. Josh is turning these future concepts into a reality.
